

Do you think that a small device like this one is the cause of a lot of accidents worldwide? A lot of people don't. That's the reason why we ask you to observe closely the following pictures. You will probably change the way you think.

Before we start, we warn you that the following slides contain graphic material.

This pictures are from a very young girl whose dreams faded once she made the wrong choice of using her cell phone while driving.

**A SIMPLE SECOND OF DISTRACTION
TOOK AWAY HER LIFE AND DREAMS.**

16-11-1304

THIS COULD HAVE BEEN AVOIDED!

Roses that never reached it's destination. They could have been for her mom, dad, brother or boyfriend...We'll never know! All we know is that it could have been avoided.

**DO NOT use it when
you drive. Don't risk
your life!**
